

Steve Sciberras started road cycling at the age of 11. His dedication towards this sport was immediately evident and is still Steve's strongest point to-date, 15 years down the line. In these years Steve has been training consistently and thriving to improve in all aspects of road cycling.

Steve was a top-ranking cyclist in both Under 15's and Juniors' categories. Nowadays he is amongst the best Elite category cyclists and this makes him a regular presence on the Malta National Cycling Team line-up.

Season after season, Steve confirmed his natural disposition towards Time Trial races with very encouraging results and podium finishes. He is committed towards reaching his full potential in this cycling discipline.

In 2011, Steve was the first cyclist to benefit from the Kunsill Malti Għall-Isport 20/20 Scheme for the Private Sector, after being endorsed by the Malta Cycling Federation and employer Farsons Group of Companies.

Steve has contributed towards the cycling scene even off-the-bike. In 2002 he formed part of the Mosta Cycling Club committee. He actively contributed within this committee for 10 years during which he also occupied the roles of vice Secretary and vice President.

This season's major focus is the participation at the Small Nations Games 2013 which shall take place in Luxembourg during the last week of May. Other important international events shall be the UCI World Championships for Amateurs, the Tour ta' Malta and the Tour of Cyprus.
