**Prueba Contrarreloj Individual – Etapa (7)**

Cada corredor deberá presentarse en el área de “prevenidos” al menos 15 minutos antes de su hora oficial de salida. Se permite la comunicación en carrera conforme a la normativa vigente para pruebas contrarreloj.

Los vehículos de los directores deportivos deberán mantener una distancia mínima de 25 metros respecto al corredor que acompañan.

Todo corredor que sea alcanzado deberá mantener una separación lateral mínima de 2 metros. Luego de un kilómetro de ser alcanzado, el corredor superado deberá continuar manteniendo una distancia de 25 metros o más respecto a quien lo adelantó.

Si la situación se invierte y el corredor previamente alcanzado vuelve a aproximarse, se aplicarán las mismas normas.

En todo momento se debe respetar la separación lateral reglamentaria y evitar cualquier beneficio aerodinámico (estela) tanto del corredor como del vehículo seguidor.

**Individual Time Trial – Stage (7)**

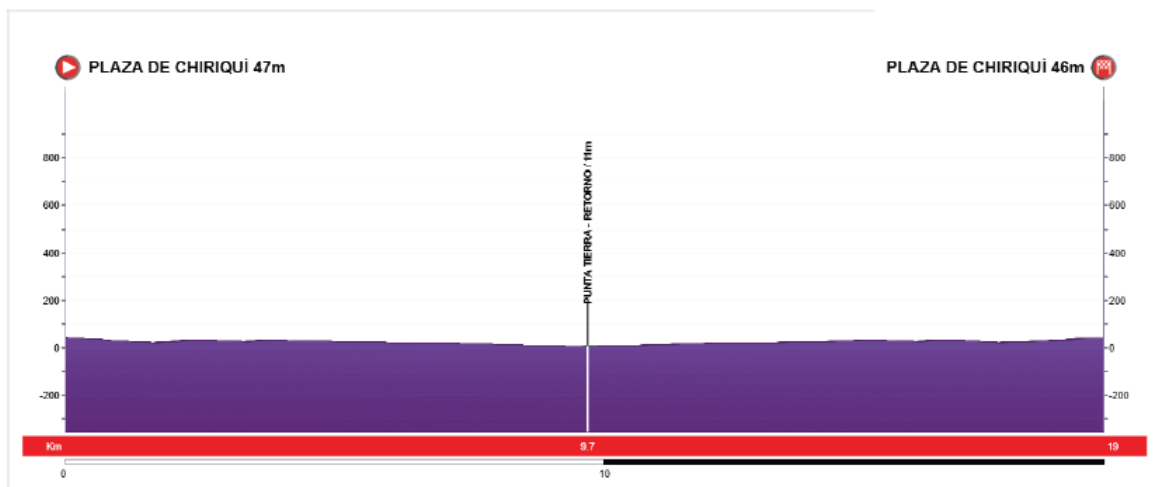

Each rider must report to the start holding area no later than 15 minutes before their scheduled start time. Race communication is permitted in accordance with the regulations governing time trial events.

Team cars must maintain a minimum distance of 25 meters from the rider they are following.

Any rider who is caught must maintain a lateral separation of at least 2 meters. After one kilometre of being overtaken, the caught rider must continue at a distance of 25 meters or more behind the rider who passed them.

If the situation changes and the previously caught rider approaches again, the same rules apply. Riders must always maintain the lateral separation and must never benefit from drafting—whether behind another rider or behind a following vehicle.
